

From the Office of the President

October 29, 2020

TO: All EMSA System Team Members

EMSA's mission has been and remains to serve our communities' pre-hospital needs through value-driven, compassionate, and clinically superior care. Each person on our team, including you, plays a vital role in making this mission a reality every day. As we transition all system operations, we are not only dedicated to seamlessly serving the critical needs of our communities, but we are committed to taking care of our team.

You will receive more details in the coming days about the transition timeline; to include, how to contact the command staff or ask questions. In the meantime, please know, EMSA's leadership understands this is a difficult time for all us. We will get through this together and emerge stronger and even better.

Everyone at EMSA is dedicated to making this a smooth transition for all and committed to creating an environment that fuels the passion to treat your patients with the upmost care they deserve and a workplace that will serve you and your family well.

One Team. One Mission. One EMSA.

Respectively,
